Something for Everyone...

TUESDAY AUGUST 23RD, 2016 - DAY TWO

The beauty of this tour is that it appeals to everyone. If you would like to go play golf, but are concerned about your wife or friends who may not want to, we have you covered. We offer guests of different tastes the opportunity to enjoy the experience equally.

Option #1 – We begin our golf circuit at the World Famous British Open qualifying course of Gullane. Gullane is home to the one of the most beautiful golf courses in the world, with Tee #7 being voted by PGA.com as the 5th most picturesque on earth (featured above). The course offers dramatic views across the Firth of Forth to Edinburgh and Fife.

Option #2 – Edinburgh is a city that can be explored for months on end. This will be our last day in Edinburgh, so explore away! Rabbi YY Rubinstein will take us on a tour of The Scottish Parliament (with Speaker of the House Alex Fergusson), Holyrood Palace (The

Queen's Scottish Residence) and Mary Kings Close (discover Old Edinburgh as it used to be). Exploring Edinburgh is an experience you will remember forever.

Once everyone has returned, we will head to dinner at Deanston Distillery. Deanston will be opened just for us as we receive a private connoisseur distillery tour and private dinner. This tour allows us to discover the secrets of Deanston whisky and what really goes into making a fine dram. We visit the bonded warehouse, which is not normally open to the public, nose straight from the cask and see how the new spirit is transformed into the final product. The connoisseur tour finishes with a tasting of four Deanston whiskies.

Afterwards, enjoy a restful night in your beautiful Waldorf Astoria Guestroom.

Exploring the Land...

WEDNESDAY AUGUST 24TH, 2016 - DAY THREE

After a lavish breakfast, we will be leaving the hustle and bustle of Edinburgh and begin touring the magnificent land of Scotland. Our first stop is Stirling Castle and The Wallace Monument (featured below). Stirling Castle is one of the largest and most important castles in Scotland. The castle sits atop Castle Hill and is surrounded on three sides by steep cliffs, giving it a strong defensive position (and which of course, adds to its beauty). Several Scottish Kings and Queens have been crowned at Stirling, including Mary, Queen of Scots in 1542. We will then head on to The Wallace Monument. The Wallace Monument was erected in honor of Sir William Wallace (Braveheart), the 13th century Scottish hero. Visitors climb the 246 step spiral staircase to the viewing gallery inside the monument's crown, which provides expansive views of the Ochil Hills and the Forth Valley. A number of artifacts that belonged to Wallace are on display inside the

monument, including the Wallace Sword, a 5 foot 6 inch sword that the gigantic warrior actually wielded. These sites truly create awe inspiring memories that you will never forget.

Afterwards, we head to Scotland's newest distillery, Kingsbarns. St. Andrews was once prized by the Kings of Scotland for its barley. To see the gleaming new copper stills fired up is something that only comes around once every hundred years or so. New distilleries are incredibly rare and it will be quite an experience for us to enjoy this absolutely gorgeous facility.

After a great day, we will then head to dinner at the luxurious 5 star Fairmont St. Andrews.

Fairmont
ST ANDREWS, SCOTLAND

*The Incomparable
Fairmont St. Andrews*

A truly unique and special Hotel that makes your visit one to remember, with its lavish and stunning surroundings, peaceful setting and stunning cliff top views of St Andrews and the North Sea. Due to their unparalleled attention to detail and astonishing host of amenities, it's no wonder that Fairmont St. Andrews embodies the 5 Star Scottish experience.

Options, Options & More Options...

THURSDAY AUGUST 25TH, 2016 - DAY FOUR

Remember how we mentioned that on this tour we have something for everyone? Well, this day proves that in spades. All of our guests can choose from a myriad of options available at Fairmont to create a day to remember. The possibilities are truly endless.

Have you ever tried your hand at falconry? How about riding an ATV through rough terrain? Or perhaps mountain biking? What about archery or pistol shooting? Or, maybe, the long standing British tradition of clay pigeon shooting?

Are boating or fishing more to your tastes? Imagine spending a day out on the water of

the North Sea, one the most beautiful bodies of water in all of Scotland.

Looking for something even more adventurous? Try your hand at Zap-catting. Zap Cats are amazingly light and powerful inflatable catamarans capable of pulling 3g around the turns. With a power to weight ratio of 340bhp per tonne, you'll be responsible for balancing the boat for the turns on the sea. Just like any catamaran, but at high speed – the expert driver pulls 90 and 180 degree turns at speeds of around 40mph. Not one for the faint-hearted!

Options, Options & EVEN More Options...

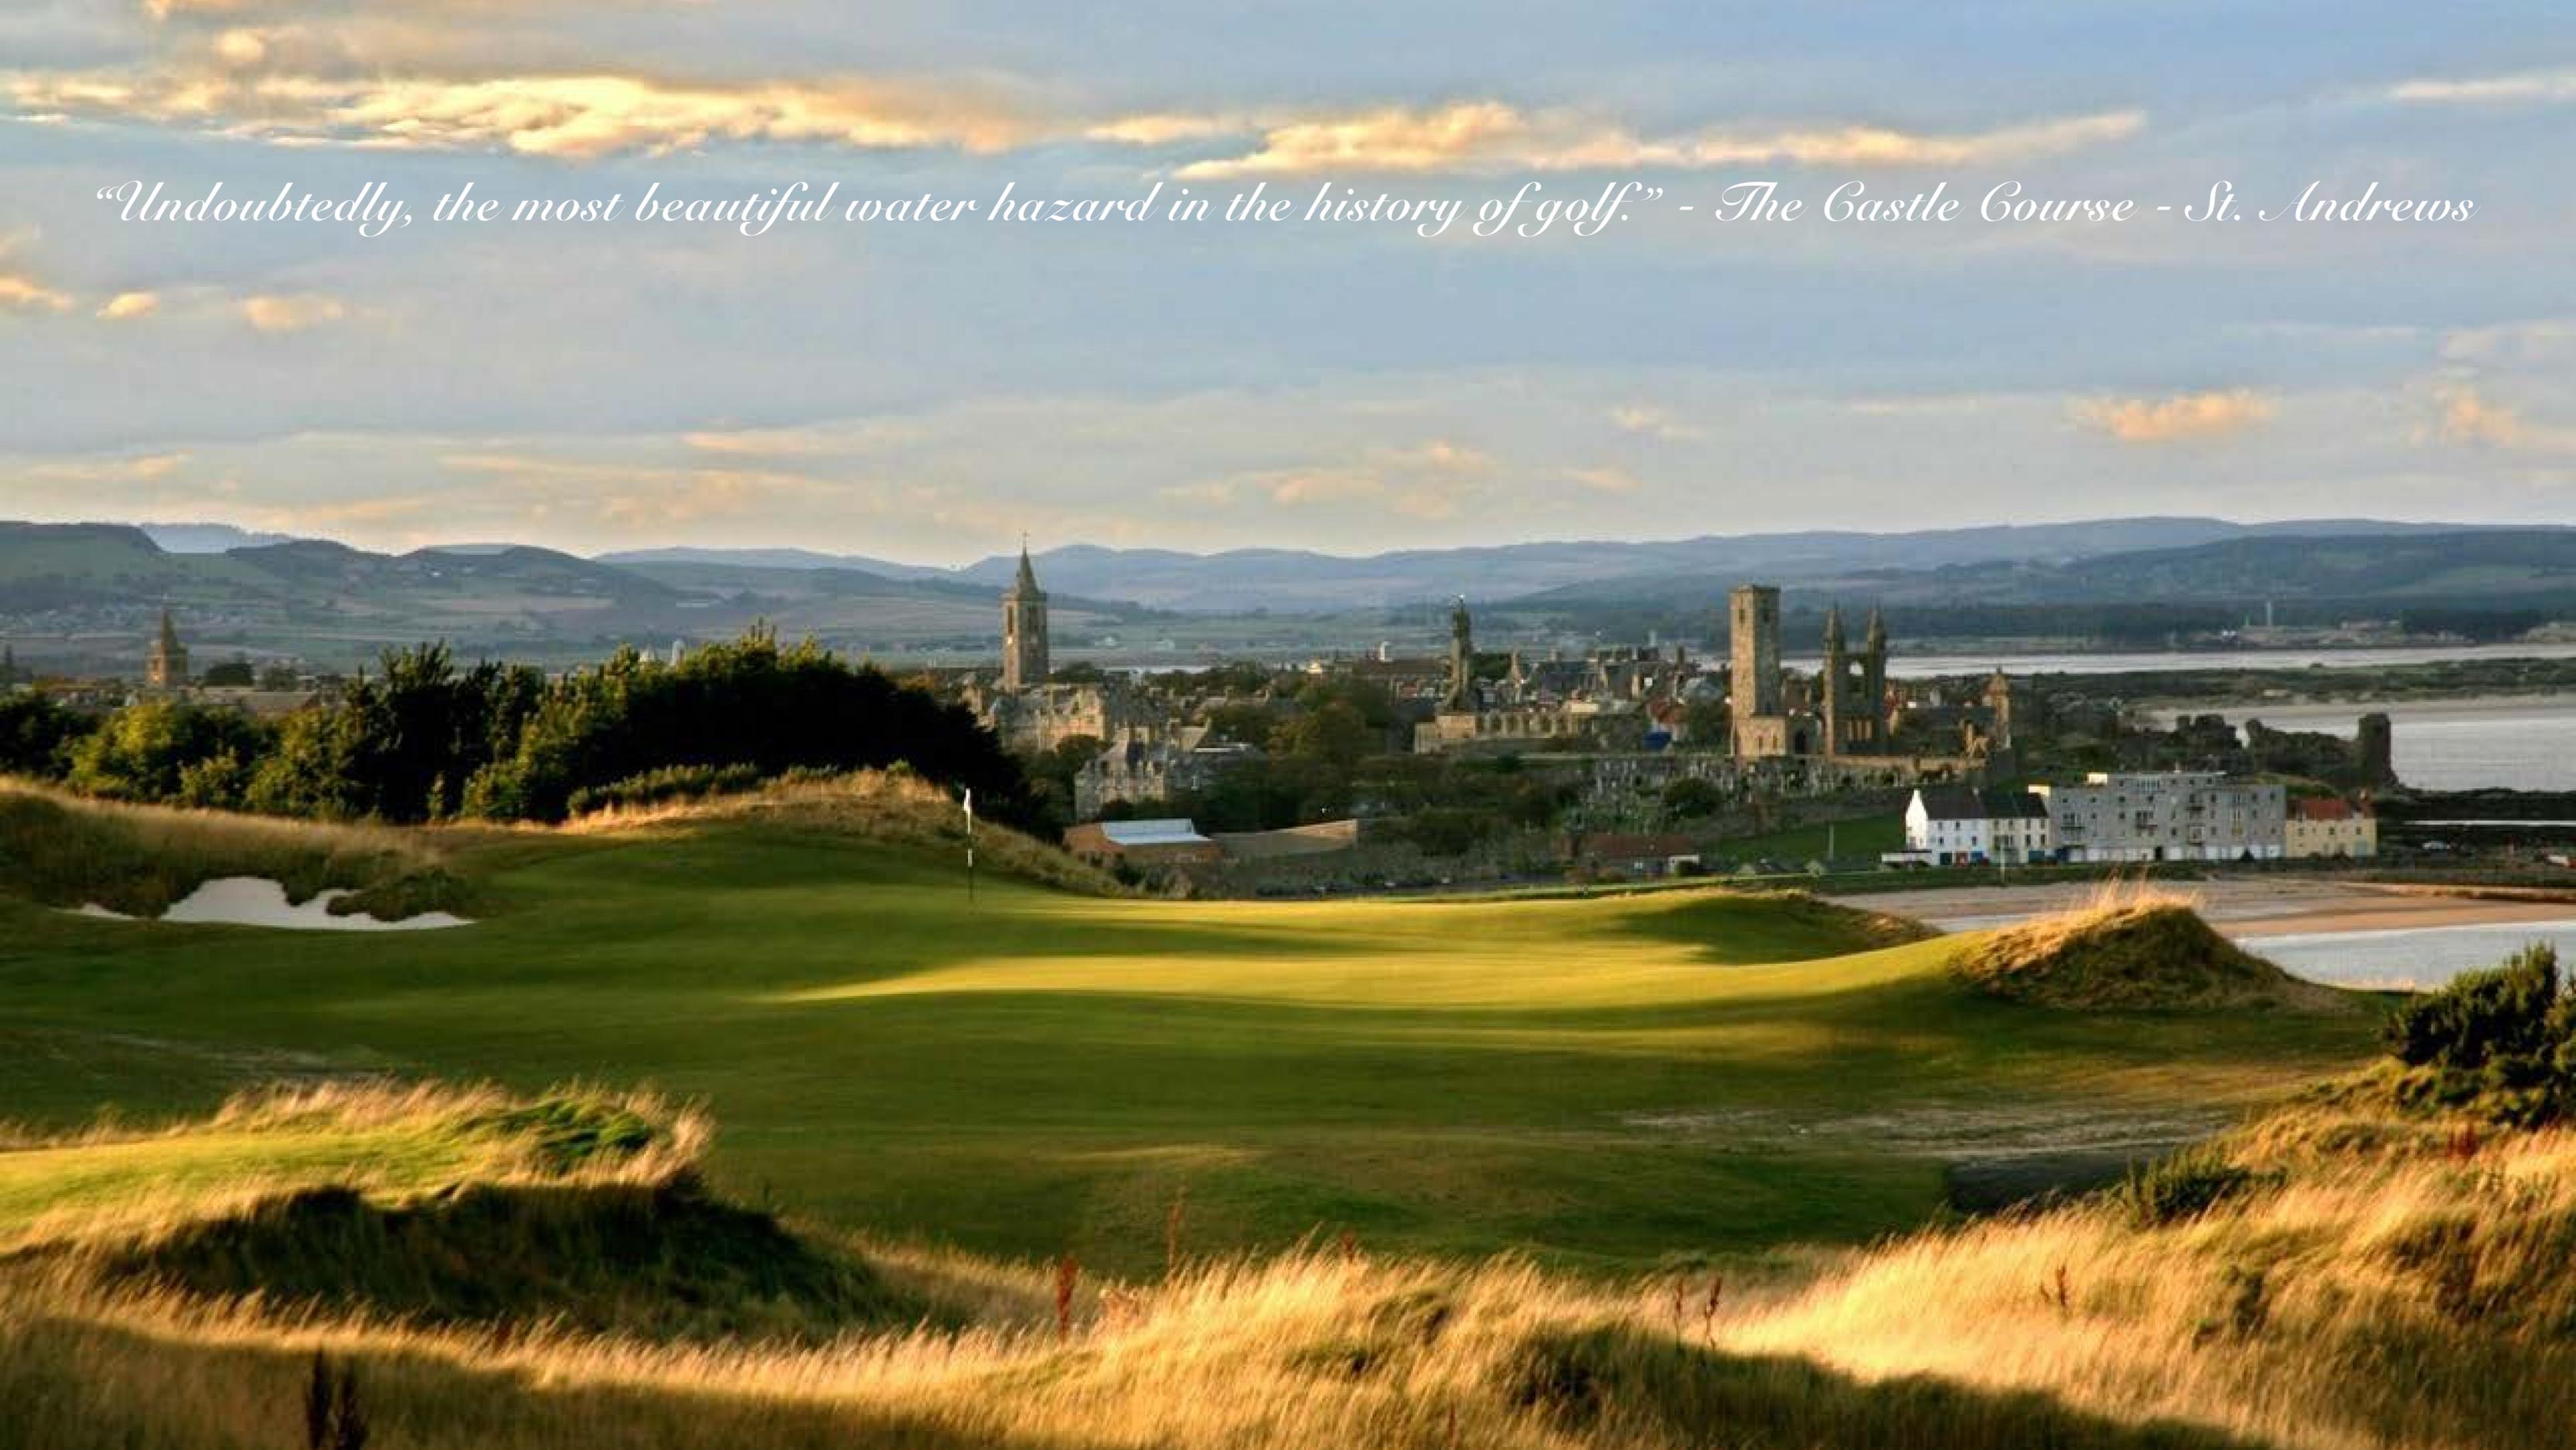

THURSDAY AUGUST 25TH, 2016 - DAY FOUR

In St. Andrews, you also have the opportunity to play golf at the world famous Kingsbarns Links Course. Kingsbarns is world renowned as the most beautiful course on earth, and features undoubtedly, the most beautiful water hazard in the history of golf.

We will also group together and enjoy an authentic Highland Games experience. It is the ancient tournament of the Scots and will be enjoyed by all.

For those who are looking for something a little more tranquil, perhaps spend a day at the Fairmont Spa. Atop a Scottish cliff, inspired by land and sea, and infused with Celtic lore of magic and myths, the Spa at Fairmont St Andrews awaits. The St Andrews Spa's luxurious 12 treatment rooms offer a range of treatments which include locally-themed massages, facial and relaxation therapies, as well as our nail salon. Expert therapists are trained to offer bespoke treatments to suit your need, your mood and your desires. It is certainly one of the best spas on earth and having the freedom to spend an entire day there, without being rushed, is what a vacation is all about.

“Undoubtedly, the most beautiful water hazard in the history of golf.” - The Castle Course - St. Andrews

Heading Home. To the Home of Golf, that is...

FRIDAY AUGUST 26TH, 2016 - DAY FIVE

We are now ready to explore the place that it all began, St. Andrews. Golf was invented on the Links at St Andrews in the early 1400's and is now renowned throughout the world as the undisputed Home of Golf. You will now have the opportunity play St. Andrews and be the next link in this long chain of history. This is number #1 on the bucket list of any true golfer and an experience that is destined to last a lifetime.

If golfing in St. Andrews is not on your bucket list, not to worry. We will also be heading out on a private yacht to the impossibly beautiful Isle of May. The Isle Of May is a little sliver of an island, just one mile long, located in the mouth of the Firth of Forth. This tiny island is officially designated as a European Special Wildlife Protection Area and is an

important breeding site for over 14 species of seabirds and seals. The island has an incredible history and considering how beautiful it is, no trip to Scotland is complete without making a trek out to the island. We have a third option that day, as well. We will offer guests an opportunity to visit the world famous Eden Mill. Eden Mill is Scotland's only combined brewery and distillery, which is a complete oddity and something totally unique. They craft some of the world's best beer, whiskey and gin all in one brewery/distillery. Our guests are welcome to choose any of the 3 options on this day.

After we return, get ready to spend a memorable Shabbat in stunning St. Andrews.

Menucha Vesimcha in St. Andrews...

Saturday night will be filled with musical entertainment and an incredible "midnight BBQ".
